

OUR CULTURE

WHO WE ARE & WHAT DIFFERENTIATES US

We want to share key elements our customers might not always see, but make us who we are. It's more than just our products, services or solutions. We want our customers to feel we are the clear choice as their valued partner.

COMMUNITY

We provide selected community partners with access to resources that make our communities more productive and sustainable through focused giving.

CULTURE

It's who we are. It's the way we treat each other. It's the way things get done. And above all, it's the "secret sauce" of the differentiated value we provide to our customers.

ENVIRONMENT

We improve the quality of life by making the world more productive and sustainable.

ETHICS

Our culture of integrity is a pillar of our global success and a key reason we have been a respected business leader for more than a century.

SUPPLIERS

Our objective is to develop a diverse supplier base of quality, delivery, and price performance leaders.
